

GASTRIGEL

GASTRIC MUCOSA COATING GEL

Description

Gastric discomfort affects 60% of horses. Optimise the well-being and performance of the horse by anticipating and managing gastric discomfort.

Use

GASTRIGEL is a feed supplement formulated by Laboratoires AUDEVARD.

It is designed to provide nutritional support for cases of occasional gastric discomfort in horses. GASTRIGEL forms a gel which supports the mucous membrane lining the stomach, bringing rapid comfort to a sensitive stomach.

Formula

GASTRIGEL is a fast acting gel providing support for gastric discomfort. A combination of 3 ingredients, carefully selected by the vets at Audevard: *Ascophyllum nodosum*, chitosan and magnesium hydroxide which help buffer acidity and coat the mucosa.

This formula contains no ingredients of animal origin or colourings.

Our tip

GASTRIGEL can be used before a high-risk period (e.g. transport, competitions, etc.) or to manage gastric discomfort.

Instructions for use

1 measure = 30 ml

Adult horses: 1 measure, 2 times a day.

Ponies/foals: 1/2 a measure, 2 times a day.

Give directly into the horse's mouth before meals using the syringe.

Presentation

500 ml bottle - (EAN 3515650840007)

Can be used for 8 days at the recommended quantity in adult horses (16 days in ponies/foals).

Syringe included.

30ml

- Magnesium hydroxide: **4,995mg**
- Sodium aluminosilicate: **3,000mg**
- Chitosan: **300mg**
- *Ascophyllum nodosum* : **30mg**

- Insert the tip of the syringe up to two-thirds of its length.
- Store in a cool place protected from frost.
- Shake well before use.
- Rinse the syringe after each use.

Composition for 1 L

Additives :

• **Technological :** E554 synthetic sodium aluminosilicate 100,000 mg, 1a330 citric acid 80,000 mg, 1k202 potassium sorbate 4,950 mg.

• **2b- Aromatic substances :** mint flavour 2,000 mg, stevia extract (CoE 552) 2,000 mg.

Raw materials :

Magnesium hydroxide 166,500 mg, crude glycerol, propylene glycol, chitosan 10,000 mg, marine algae flour (*Ascophyllum nodosum*) 1,000 mg.

Analytical constituents :

Humidity 69.9%, crude protein 0.4%, crude ash 16.8%, crude fats 0.0%, crude cellulose 0.17%, sodium 1.1%.

This product is categorised as a complementary feed for horses.
